Thursday, July 23	Madison Area	Bishop O'Connor Center
Thursday, July 23	Dodgeville Area	St. Joseph School

### Areas of Catholic Schools Planning:

**Catholic Leadership:** Considers the Catholic culture of the school. Is the school fulfilling its mission as a Catholic school? How can we ensure strong, dynamic Catholic leadership in our schools for the future?

**Academic Curriculum:** Addresses issues related to the rigor and relevance of the curriculum, best teaching practices and curricular standards. How can our ongoing assessment and planning insure that our Catholic schools remain great academically?

**Enrollment Management:** Considers how well Catholic school education is presented and positioned in the market place. How can we manage enrollment from both a recruitment and retention perspective? How do we involve more people in the enrollment process? How will the school continue to attract the right quantity, quality and diversity of students in our school?

**Fiscal Stewardship:** Analyzes the costs of operating a school and the current funding structure. Considers questions regarding tuition, fundraising, parish support, support from other parishes in the cluster, endowments, etc.
